Two water schemes to be taken up at a cost of 50 cr.

Correspondent

Bhimavaram: MLA Pulaparthi Ramanjaneyulu (Angi Babu) said here on Tuesday that two drinking water schemes would be taken up at a cost of Rs. 50 crores under CWS to solve potable water problem in Bhimavaram Assembly constituency.

Mr. Ramanjaneyulu told this correspondent that drinking water problem in the town would be solved by improving pipe-line system.

He said summer storage tank work also be completed soon.

Mr. Ramanjaneyulu said bypass road work at Palakoderu village would be completed soon.

The MLA said all villages in the Assembly constituency would be covered with readymade toilet system in every house in a phased manner.

He said construction of houses would be taken up under 'Indiramma' housing scheme in the township area of Bhimavaram in an extent of 82 acres and the levelling work of the land was going on a brisk note.

He said under the scheme 8,000 to 12,000 houses would be constructed under the scheme.
