Awareness on recycling waste

Bangalore, DH News Service:

The Energy and Resources Institute (TERI), in collaboration with Tetra Pak India Pvt Ltd on Wednesday

The programme, which aims at achieving environmental sustainability, hopes to raise awareness of recycling.

Speaking about the initiative, Ranjana Saikia, Associate Director at TERI said, "We are constantly fighting against the problem of waste management. Experts say that a huge amount of waste is generated from households, schools, hospitals and factories."

The primary factors affecting waste quantity and quality are population, urbanisation, industrialisation and economic development.

Explaining about Tetra Pak's involvement, Jaideep Gokhale of Tetra Pak India Pvt Ltd said, "Tetra Pak Project Search will be implemented over a span of nine months and would involve 30 schools each in Delhi and
