Corporation to prepare master plan to develop schools

Kozhikode: The corporation has planned to prepare a master plan for the schools under it to carry out infrastructure development. A meeting chaired by education standing committee chairman M Radhakrishnan had decided to prepare master plan for all schools from lower primary to higher secondary in the corporation limits.

The civic body will prepare the master plan highlighting the available facilities and deficiencies at the schools and measures needed to be adopted to improve the infrastructure and to enhance the academic quality. The corporation has a total of 161 schools under it.

Radhakrishnan said the decision was taken to ensure comprehensive development of schools maintained by the civic body envisaging projects under its annual plan programmes.

"The school authorities have been directed to prepare the plans at the earliest. The required development funds development for the schools will be allotted on the basis of the deficiencies that are being reported," he said adding that the preparation of master plans will also help the civic body to take up schemes for improving the infrastructure.
