Plea to remove unauthorised shops

Staff Reporter

The Coimbatore Corporation has been asked to remove shops in the new fish market in Ukkadam that sell items that are not permitted.

According to a section of the shopkeepers, after Anshul Mishra, a former Commissioner, initiated action by sealing a shop, nothing much was done to check sale of items that were not permitted to be sold. Thereafter a shopkeeper moved the Madras High Court, which ordered the Corporation to allow only those shops that sold items that were in the list provided by the Corporation.
